ASK QUESTIONS, SHARE STORIES, EXPAND YOUR BUBBLE

“People oftentimes find it difficult to talk about and ask others questions regarding **identity** or **personal experience**, out of fear of not knowing the correct way of asking sensitively or worry for offending/indirectly hurting others.”

“We propose a solution that will **allow people to be forthcoming about identities and experiences** they’re willing to share, guide their friends in **framing questions** they’ve been wanting to ask, and **facilitate a larger conversation across multiple identities.**”

THREE TASKS

**TASK 1 | ASK QUESTIONS TO YOUR FRIENDS ANONYMOUSLY
